Online Payments

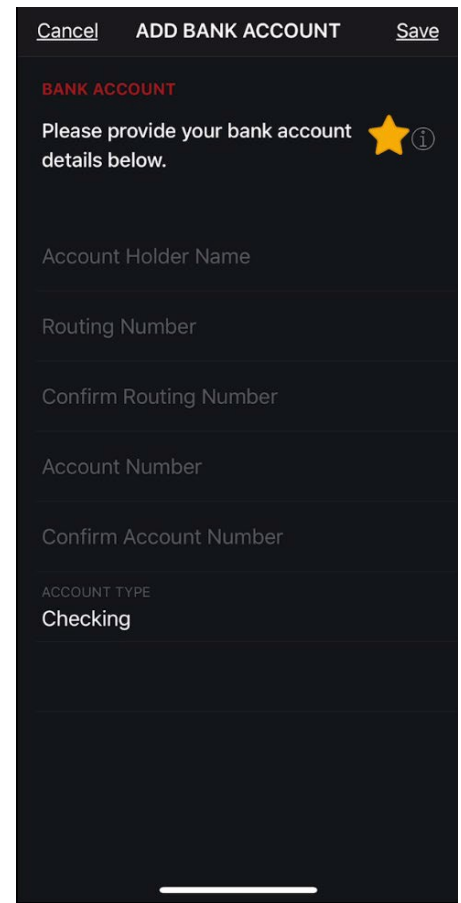

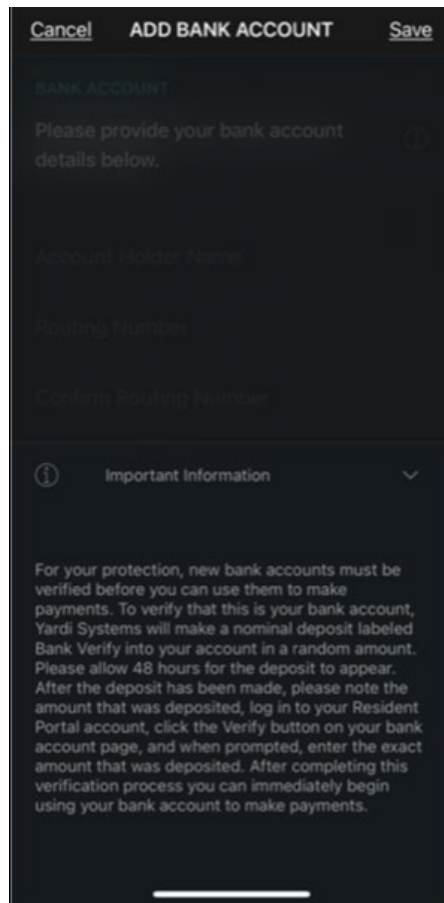

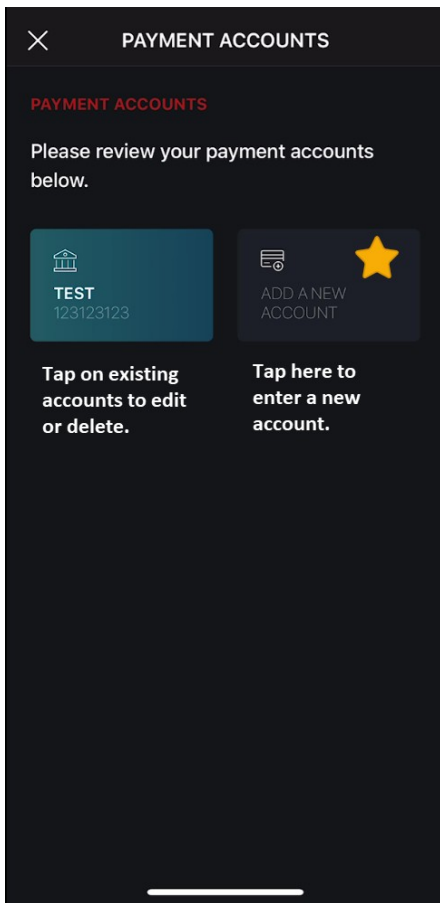

Online Payments will allow you to view your balance, set up a monthly auto-pay or make one-time payments. You may use a bank account (checking or savings), debit card, or credit card.

All qualified military residents are encouraged to pay their monthly rent by allotment. All other charges can be paid online through the Hunt Resident Portal or App. (ex: Resident move-in/move-out charges, Damage charges, Late payments, Utility balances, Pet damages, Ending balances at move out)

From your mobile device, tap the three lines in the top left corner to open Options—tap Payment Accounts to set up your accounts.

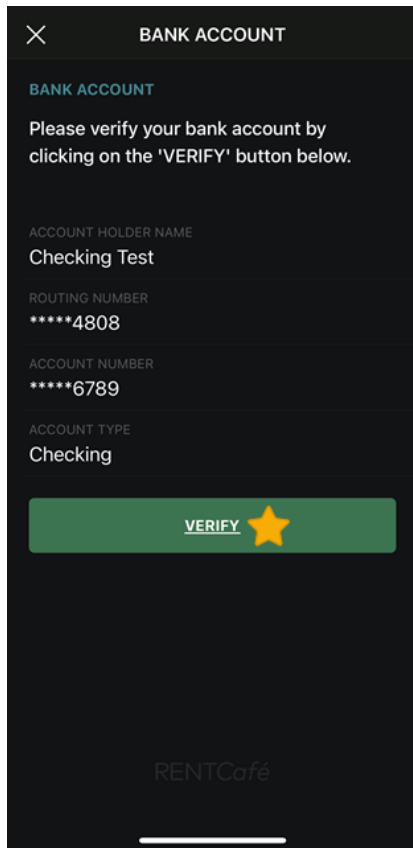

When setting up payments, be sure to have all your information ready to enter in the account fields. Setting up an account incorrectly could cause delays in your ability to set it up again. For your protection, new bank accounts must be verified before you can use them to make payments. To verify that this is your bank account, Yardi Systems will make a nominal deposit into your account, in a random amount under one dollar, the deposit record will include the text “Bank Verify”. Please allow 24 - 48 hours for the deposit to appear. After the deposit has been made, please note the amount that was deposited, log in to your Resident Portal account, click the Verify button next to your bank account, and when prompted, enter the exact amount that was deposited. After completing this verification process you can immediately begin using your bank account to make payments.

Please allow 24 - 48 hours for processing.

Once the nominal deposit is visible in your account, you will be able to verify and begin using the ACH setup for Online Payments.

Return to the Payment Accounts and tap on the account you wish to verify. Enter the amount that was deposited by Yardi Systems and labeled Bank Verify then click Submit.

Once the account is verified you will be able to use it for payments.

If you experience any errors, please contact your Community Office.

Each resident with a login may set up an account. However, the same account info cannot be used on more than one resident. Ex: If you have a joint bank account, only one person in the home may have the account set up under their Hunt Resident Portal login.

Once your payment account is set up, you will receive an email confirmation of the change. You can return to the Payment Accounts tab to edit or delete accounts as needed.
