Happy Thanksgiving!

October has passed & November is here!

In October, 2019 we held our 10th Annual Pumpkin Patch. As always it was a tremendous success, with over 700 folks attending. Around 650 pumpkins were provided for

the children to decorate and carry home. The Fort Lee Fire Department was on hand to promote Fire Prevention Month. FLFH

raffled off fire extinguishers to support Fire Prevention Month.

Autumn harvest & Thanksgiving celebrations are upon us. For centuries, Thanksgiving has been a tradition celebrated throughout the states as a day of gratitude and thanks for everything...

Happy Thanksgiving!

HAPPY VETERANS DAY

Veterans Day is a day in which we honor our men & women who have served in the U.S. Armed Forces, also known as veterans. This day also coincides with other holidays such as Armistice Day and Remembrance Day, which mark the anniversary of the end of World War I. On the 11th hour of the 11th day of the 11th month of 1918, major hostilities of World War I formally ended. The United States originally observed Armistice Day; it then evolved into the current Veterans Day holiday in 1954. Happy Veterans Day to all of our veterans and thank you for your service.

Autumn Cleaning Tips

Ready to tackle a few Autumn cleaning chores? Don't try to do it all in one day. It's hard to stay safe when you're tired or rushed.

*Lift properly - keep your back straight and lift with your legs. Or find a buddy!

*Be cautious using ladders and step stools.

*Follow cleaning product safety information. Read the label and use as directed.

*Keep cleaning buckets out of reach. A child can drown in a few inches of liquid.

*Clear away clutter to avoid trip hazards.

*Check your fire extinguisher.

Thanksgiving Feast & Fun

Make sure that you stay true to your green Thanksgiving. Dishwashers are very efficient at cleaning a full load of dishes compared to washing by hand. Before tossing dishes into the dishwasher, grab a fork or napkin to wipe off excess food on plates before running the water to pre-rinse. This helps during the washing process and saves on energy. Try to avoid using the drying function as well. Let the dishes air dry for maximum energy efficiency.
